Matoris of the Honorable the Board of Aldermen: Gentlementhe Honorable the Honorable the Stow Foundation Erestina atreets therein named to be paved with the Stow Foundation Farement. The length of the streets to be paved, at about 26, per square yard, seems to be altogether about two miles. The Mayor is assured that the said pavement in Maiden lane is only sixty days old, but is stready full of opprassions, and that the archive of the street is so changed that water is lable to stand in pools. Indeed, the contractors seem to have abandoned the completion of their contract in that street. The Mayor is not informed whether one property holder on the line of the manegory street and the streets to be affected. If it be answered that there are an implied recommendation of the pavement (also favorably spoken of in that message, guides even scheduled with the streets to be affected.
